

**Posizione e n. di riferimento****Dynamics365 Finance & Operations Senior Consultant** (Reference number: 406889)**Posti disponibili n. 2****Scadenza candidatura 09.05.2024****Sede di lavoro** IN-NAXXAR, Malta**Compiti principali**

- Responsible for execution of tasks related to the pre-sales, fit-gap analysis, functional design, testing and documentation of software components in, or extension of, Microsoft Dynamics 365 Finance & Operations.
- Capture, assess, and define client's business requirements and create strategies to meet those objectives using practical Dynamics 365 business solutions and industry best practices.
- Document and review all business processes, Gap/Fit Analysis findings, functional design documents, testing scripts, training documents and progress updates throughout implementation lifecycle.
- Design and re-engineer business processes using best practices and standard Dynamics 365 business procedures.
- Actively organise and facilitate workshops, in-house seminars, webinars, and knowledge transfers with clients and Business Consulting Team members.
- Provide functionality demonstrations and training to new clients, end-users, and senior-level executives, as needed.
- Work closely with the development teams to assist in the design and conduct unit testing as well as integrated testing.
- Assist in go live procedures and post go live support.
- From time to time, it will be required as per customer/project needs to be available beyond normal working hours
- Taking ownership of customer deliveries and deadlines.
- Ability to deliver business solutions to customers without senior management involvement
- Preparation of project status report for internal/customer presentation as/when needed.

**Requisiti**

- - Degree or similar accreditation in Business / Economics or related area
- 5+ years Dynamics 365 for Finance & Operations (AX) functional experience
- Strong in-depth knowledge of business processes
- Good business background and comfortable with client facing tasks
- Ability to work alone or in a team
- Excellent communication skills in English
- Willingness to travel and work in an international environment for large global projects
- Strong problem-solving skills
